

FEATHER RIVER AIR QUALITY MANAGEMENT DISTRICT

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE, pursuant to the California Health and Safety Code that on **Monday, April 7, 2008, at 4:00 p.m.**, the Board of Directors of the Feather River Air Quality Management District (FRAQMD) will conduct a public hearing to consider adoption of the Federal 8-Hour Ozone Reasonable Further Progress Plan (RFP) for the Sacramento Federal Ozone Nonattainment Area. By this notice, all interested parties are invited to comment on the proposed Plan.

The Clean Air Act requires federal 8-hour ozone nonattainment areas to meet a reasonable further progress requirement to reduce ozone forming pollutant emissions. The Sacramento Federal Ozone Nonattainment Area includes all of Sacramento and Yolo counties and portions of Placer, El Dorado, Solano, and Sutter counties. The Plan proposes to use updated emission inventories, existing control strategies, and approved control measure commitments to achieve emission reductions necessary for compliance with the Clean Air Act. The Plan demonstrates that reasonable further progress for the 2011 milestone year is achieved by a combination of volatile organic compounds (VOC) and nitrogen oxides (NOx) emission inventory reductions.

The hearing will be held in **Conference Room #1** at the **Yuba County Government Center, located at 915 8th Street, Marysville, California 95901.**

If you have any questions or comments about the hearing, please call Sondra Andersson at (530) 634-7659. Interested persons may present oral or written comments on the proposed plan at the public hearing, or may submit or mail their comments to David A. Valler, Jr., APCO, 938 14th Street, Marysville, CA 95901- 4149. All comments must be in writing and must be received no later than 5:00 p.m. on April 6, 2008.

Persons wishing to attend the public hearing should notify the FRAQMD Clerk in order to be informed of any changes regarding the scheduling of the hearing. The Plan will be available for review on the Feather River Air Quality Management District web site at www.fraqmd.org beginning on March 8, 2008. You may also request a copy at the district offices located at 938 14th Street, Marysville, California 95901.
