PO Box 2815
Sacramento, CA 95812

RE: REGULATORY MEASURES LIST FOR 2012 – HEALTH AND SAFETY CODE SECTION 40923

Dear Mr. Goldstene,

Enclosed is the list of tentative rulemaking actions possibly scheduled for Calendar Year 2012 by the Feather River Air Quality Management District (District). The District is submitting this list in compliance with Health and Safety Code Section 40923. This section contains limiting provisions which, in many cases, precludes adoption of rules not contained in this list. Therefore, this list should not be construed as a commitment to adopt any one rule, but is simply a list of all possible rules the District may consider this year.

If you have any questions regarding the enclosed schedule, please contact me at (530) 634-7659.

Sincerely,

David A. Valler, Jr.
Air Pollution Control Officer

SLS

Enclosures: Regulatory Measures Rules List

Cc: correspondence file
