

**Certification that Feather River Air Quality Management District’s Existing NNSR Program Addresses the 2015 Ozone NAAQS SIP Requirements Rule**

The Feather River Air Quality Management District is certifying that our existing NNSR program, covering the south Sutter County portion of the Sacramento nonattainment area and the Sutter Buttes nonattainment area for the 2015 ozone NAAQS, is at least as stringent as the requirements at 40 CFR 51.165 for ozone and its precursors, as amended by the final rule titled *Implementation of the 2015 National Ambient Air Quality Standards for Ozone: Nonattainment Area State Implementation Plan Requirements* (83 FR 62998, December 6, 2018).

The requirements necessary to appropriately implement District’s NNSR program include, but not limited to the following:
