BACKGROUND:

The Local Government Commission (LGC) hosts the Capital Region Local Policymakers Dinner series and depends on funding in the form of sponsorship. As the meeting topics are about better land use planning, air quality issues, transportation and transit and livable communities in the greater Sacramento Region. This project fits the parameter for dealing with the effects of motor vehicles and implementing the California Clean Air Act and is able, with board approval to be expended from the AB 2766 (Blue Sky) project funds.

DISCUSSION:

The district has contributed to this program for a number of years, reducing its sponsorship to \$1,500 last year.

FISCAL IMPACT:

Funding would be issued from the Blue Sky Fund project allocation for fiscal year 2016/17 for sponsorship of up to \$1,500 towards the Capital Region Local Policymakers Dinner series. While funding is available this item is not currently budgeted.
