Other (Please describe)

The Community Air Protection Program is part of California Climate Investments, a statewide initiative that puts billions of Cap-and-Invest, formerly known as Cap-and-Trade, dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment — particularly in disadvantaged communities. Projects will be selected based on benefit to disadvantaged or low-income communities, amount of emission reductions, and applicant's ability to successfully implement the project. For more information visit <https://www.fragmd.org/community-air-protection-program>.

The General Application should be received by 5:00 pm on Friday, October 16, 2026. Applications can be faxed to (530) 634-7660, emailed to grants@fragmd.org, mailed or dropped off at the District. Additional information may be requested by the Feather River Air Quality Management District to determine eligibility and funding levels for applicants submitting General Applications by the deadline who meet the funding criteria of the Community Air Protection Incentives 2024 Guidelines, project plans, and associated guidelines.

GENERAL APPLICATION

Complete each section. Applicant acknowledges that award is conditional upon approval of the District and must meet the minimum eligibility criteria.

Project Information

1. Is the project located within a Disadvantaged Community or Low Income Area low-income community or disadvantaged community as designed by the State of California? Visit the Priority Populations Map (<https://bit.ly/prioritymap4>).

If yes, please indicate address or lat/long coordinates:

Note: Maps of low-income communities and disadvantaged communities are available at (<https://bit.ly/prioritymap4>). Operation within such communities will not affect grant program eligibility – the data is used for reporting purposes only.

2. If the project is not located within, does it benefit a low-income or disadvantaged community? If yes, please describe how.

3. Estimated cost of project. Attached quotes and engine emissions certifications (if applicable).

4. Describe co-funding available or applied for this project.

5. Generally describe the project. For example, for air filtration projects list number of units and type of units. For stationary diesel emergency generators provide the FRAQMD permit number.

As an applicant/participant, I declare that (check only one):

☐ 1. _____ (Agency or Company Name) is in compliance with, and will remain in compliance with, and does not have any outstanding or unresolved Notices of Violation (NOV) or Notices to Comply or any unpaid settlements for alleged violations of any federal, state, and local air quality regulations including, but not limited to, the following:

- In-Use Off-Road Diesel Vehicle Regulation
- Stationary Engine ATCM
- Any Other Diesel Air Toxic Control Measures
- Statewide Truck and Bus Regulation
- Portable Diesel ATCM
- Local District Regulations

Or,

☐ 2. _____ (Agency/Company Name) is not in compliance with, or cannot remain in compliance with, or does have an outstanding or unresolved Notices of Violation (NOV) or Notices to Comply or any unpaid settlements for alleged violations of any federal, state, and local air quality regulation.

A declaration must be attached to this document describing in detail the non-compliance or NOV, explaining the reason for the non-compliance or NOV and declaring the reasons why the applicant/participant believes their application should be considered.

By signing below and submitting this application, I hereby certify under penalty of perjury that the information in the application and attachments is accurate and true.
