

FEATHER RIVER AIR QUALITY MANAGEMENT DISTRICT  
MEMORANDUM  
12/05/2022

**TO:** FRAQMD BOARD OF DIRECTORS  
**FROM:** Christopher D. Brown, AICP, APCO  
**SUBJECT:** Approve the Policy/Finance Committee recommendation for Board consideration with regard to proposed Blue Sky Program proposals and authorize the APCO to execute related documents.

---

**RECOMMENDATION:**

Approve the Policy/Finance Committee recommendation for funding as presented in Attachment 1 in the amount of \$100,000 for AB 2766 proposals and \$275,000 for AB 923 proposals.

**ALTERNATIVE:**

Approve alternative funding levels than those recommended by the Policy/Finance Committee.

**BACKGROUND:**

The District's Blue Sky Grant is composed of \$4 Motor Vehicle Registration Fees (AB 2766) and \$2 Motor Vehicle Registration Fee (AB 923). The AB 2766 portion provides incentive and grant funds for air quality projects designed to reduce motor vehicle (mobile source) air pollution. The California Air Resources Board (ARB) issues guidelines providing criteria for AB 2766 funded projects. Projects have been reviewed by the District staff to weigh eligibility, viability, local health impact, district goals, emissions reduced, and cost-effectiveness criteria. The Committee then reviews the projects and makes a recommendation for approval to the Board of Directors.

The AB 923 portion may be used for limited project types which include school bus replacements and retrofits according to the Lower Emission School Bus Program Guidelines or the Carl Moyer Memorial Air Quality Standards Achievement Program Guidelines.

The District initiated fiscal year 2022/2023 Blue Sky Grant Request for Proposal (RFP) on August 9, 2022 and closed the RFP on October 11, 2022. The RFP was noticed in the Appeal Democrat newspaper, mailed to all local jurisdictions plus any interested parties, and

posted on the FRAQMD's website at <http://www.fraqmd.org>. The District staff also held a public workshop on September 20, 2022, on the Blue Sky Grant Program.

The District updated the RFP forms two years ago to receive the project information on an application type form rather than in a narrative form. The response to the change was positive, and the District continued the use of application forms in FY21/22.

The AB 2766 proposals were reviewed by the District to determine eligibility then scored based on the factors listed in section V. Evaluation Criteria of the Request for Proposals (Attachment 2). The District reviewed the AB 923 projects to determine eligibility.

The Policy/Finance Committee reviewed the proposals and the District staff recommendations at a public meeting on November 3, 2022. The Policy/Finance Committee unanimously approved the funding levels in Attachment 1.

#### FISCAL IMPACT:

The District has approximately \$100,000 available for the AB 2766 portion and \$275,000 available for the AB 923 portion.

#### DISCUSSIONS:

The FY 2021/22 Blue Sky Grant proposals requested \$130,000.00 for AB 2766 funding and \$688,184.15 for AB 923 funding. There were two proposals submitted to the AB 2766 Program and five submitted to the AB 923 Program.

The remaining applications are all eligible for funding and would reduce emissions from registered motor vehicles or reduce vehicle miles travel in Yuba and Sutter counties. Since both funds are oversubscribed not all projects may be funded at the requested amounts.
